G Suite

G Suite: Collaboration and Productivity Apps for Business

Legacy tools are holding businesses back. According to a recent Gallup poll, 85% of employees are disengaged, individual work is the default, and low-value, repetitive tasks drain valuable time and resources.

G Suite reimagines how work gets done by empowering teams to be faster, smarter, and more collaborative than ever before!

With secure, intuitive apps built for the cloud, G Suite has everything your customers need to change how they work.

Connect:

Store, access, and share your files in one secure place

Cloud Search:
The information you need, right when you need it

Why G Suite?

Seamless collaboration

- Real-time collaboration and editing

- One version. No more saving and sending V1, V2, and Final versions

- 74% of time users spend in Docs, Sheets and Slides is on collaborative work

Reliablility

- Powered by Google AI

- 8 applications with more than 1 billion users

- 99.9% SLA with no scheduled down time

Security

- Reduce risk with intelligent insights

- Keep users secure with proactive protection

- Streamline manageability with centralized control

G Suite Gets Results

G Suite leads to significant value and tangible financial results across four key areas:

- Revenue growth: 1.5% increase in revenue driven by G Suite

- Employee efficiency: 171 hours saved per user per year, equivalent to 21 days per user per year

- Risk mitigation: Over 95% reduced risk of a data breach

- IT cost savings: 20% reduction of on-demand tech support

Overall, G Suite delivered an ROI of 331%!
